A photograph of a cable-stayed bridge at dusk. The bridge's cables are prominent, creating a grid-like pattern across the frame. In the background, a city skyline is visible with several tall buildings, some of which are illuminated. The sky is a mix of dark blues and purples, with some clouds catching the last light of the sun, creating a warm, orange glow. The bridge deck below shows light trails from traffic, indicating a long exposure. The overall mood is serene and modern.
